

DAC-RED G #1 & #2

Red Grease #1 & #2

Why was RED GREASE developed?

Red Grease has been specifically formulated to provide a superior no-melt grease that will withstand extreme pressure and extreme high temperatures.

RED GREASE is an all purpose non-melt grease especially formulated with extreme pressure and anti-wear additives to provide heavy duty service. It is one of very few greases able to withstand heavy shock load and impact pressures of 65 timkin load capabilities. This product has excellent adhesive and cohesive properties. It resists most acids, weather, dirt salt spray, steam and oxidation. Our product protects equipment indoors or outdoors even under high temperatures and heavy loads.

PERFORMANCE CHARACTERISTICS:

- Exceptional resistance to acids, water and weather. Seals out dust, dirt, contaminants and prolongs the life of metal parts.
- Performs over a wide range of temperatures up to 550°
- Provides extra “cushioning” to reduce shock and noise
- Contains specially formulated corrosion and rust inhibitors
- Exceptional adhesive and cohesive qualities
- High shock and impact resistance. No pound out or thin out.
- Seals out dust-dirt-contaminants. Prolongs life of metal parts.
- Excellent load carrying capacity - 65 Timkin load.

FOR USE IN THE FOLLOWING INDUSTRIES:

Automotive	Farms	Bottling Plants	Dairies
Industrial	Marine	Steel Mills	Mining
Construction	Air Conditioning	Cement Plants	Paper Mills
Food Plants	Sewage Plants	Sugar Cane Mills	Elevators
Die Casting Plants	Injection Molding	Textile Plants	Aircraft

NPCA Hazardous Materials ID System

Health	1
Flammability	1
Reactivity	0
Personal Protection	B
